Index: S&P 500®

The **Disruptive Innovation Composite** contains fully discretionary accounts that focus on long-term growth by investing in a portfolio of approximately 40-50 equity securities with any market capitalization. As of 12/31/2020, the composite's assets were 100% proprietary. For comparison purposes, the composite is evaluated against the S&P 500® Index. Index returns are not covered by the report of independent verifiers and are provided for informational purposes only. The index returns assume the reinvestment of dividends but do not reflect the impact of fees, applicable taxes or trading costs which may also reduce the returns shown. Securities contained in the index may be different than the securities contained in the composite and could have different risk and reward profiles.

Westfield Capital Management Company, L.P. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Westfield Capital Management Company, L.P. has been independently verified for the periods January 1, 2000 through December 31, 2020. The verification reports are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. Westfield Capital Management Company, L.P. is an SEC-registered investment adviser dedicated to providing quality, separate account investment management services to institutions and high net worth individuals. Registration does not imply a certain level of skill or training. Westfield supervises mainly domestic growth equities, with investment strategies – also known as products – focusing on each segment of the capitalization spectrum. Westfield also supervises foreign equities that are traded on U.S. stock exchanges and non-U.S. stock exchanges. The firm's list of composite descriptions is available upon request. Past performance is not indicative of future results. The performance of any individual account may vary from the composite performance provided above.

The U.S. Dollar is the currency used to express performance. Both gross and net returns reflect the deduction of transaction costs and the reinvestment of income. The returns shown above may be lower if income is not reinvested. Gross returns do not reflect the deduction of investment advisory fees or any other expenses that may be incurred in the management of the account. Net performance was calculated using actual management fees. Information regarding period specific fee schedules is available upon request. The three-year annualized standard deviation measures the variability of the composite, and the benchmark returns over the preceding 36-month period. The three-year annualized standard deviation is not presented because the composite did not yet have 36 monthly returns. The annual composite dispersion is an asset-weighted standard deviation calculated for the accounts in the composite the entire year using gross returns. For those periods with fewer than five accounts included for the entire year, "N/M" is noted as the dispersion is not considered meaningful. Policies for valuing investments, calculating performance, and preparing GIPS Reports are available upon request.

The Disruptive Innovation Composite inception date is October 1, 2019. The Disruptive Innovation Composite creation date is November 1, 2019. The management fee schedule for this composite is 0.90% on all assets. Actual investment advisory fees incurred by clients may vary.
